

Wellesley Village Church School

Family Worship Room Infant through Threes

Parent Guidelines

- Please label all belongings. Labels are available on the counters in each room. This includes:
 - Diaper bags, bottles, sippy cups and any snacks left out.
 - If your child is in diapers, please bring an extra.
 - If your child is in the infant room, please bring a snack, or bottle/sippy cup that can be used as a comfort to your child. Often a little snack helps distract the child from missing a parent or guardian.
 - Cheerios and apple juice boxes are provided in the infant room.
 - Parent provided snacks are not necessary in the Family Worship Room; graham crackers and apple juice are provided each week.
- On each counter there is a classroom notebook containing a notepad for special instructions for your child. Writing down these instructions allows for easy reference for our childcare providers.
- To leave your child in Family Worship Room you must take a pager with you. Please clip it to you or hold it – if you put it in a jacket pocket or purse you may not feel the vibration.
- Please share with the childcare provider in each room your expectations regarding any separation anxiety issues your child may have. Some parents prefer to be paged at the first sign of distress and others prefer some time to pass to let the child settle in. We will all work together to make this transitional time as smooth as possible. At any time during worship you can page Michaela with any questions or concerns. Please ask the childcare provider to put the page through for you.
